Highlights

Lift & Trim system

Trim your stubble beard with our new Lift & Trim system: the comb lifts and guides the hairs to the level of the blades for an even trim.

Titanium blades

Get a perfect yet protective trim, time after time. The trimmer's self-sharpening titanium blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective as on day 1.

DuraPower technology

The DuraPower technology lowers the friction on the blades, which protects the motor and the battery from being overloaded. This way, the battery life time of your trimmer is increased by 4 times.

Skin-friendly blades

Blades have rounded tips for smooth contact with skin to prevent scratching and irritation.

Zoomwheel - 20 length settings

The zoomwheel lets you choose from 0.5 to 10mm length settings, with 0.5mm precision steps.

60 min corded/cordless use

Charge your trimmer for 1 hour to get 60 minutes of cordless use or use it plugged in while charging.

Battery indicators

The battery indicators in this trimmer let you know what your battery status is: Low, empty, charging or full. This way, you can charge your trimmer on time and fully, so you won't end up with an empty battery in the middle of your trim.

Easy to clean

Detach the head and rinse it under the tap for easy cleaning. Dry it before you put it back on the appliance.

Ergonomic design

Easy to hold and use. Designed to help you trim those hard-to-reach areas.

Travel and storage pouch

The travel pouch protects your product during traveling and storage.

Built to last

We back this Philips trimmer with a 2-year guarantee: our grooming products are built to last. You'll never need to oil it, and it's compatible with all worldwide voltages.
